Dear _____,

I am writing to you to express my support for the relocation of Open Door Family Medical Center from 80 Beekman Ave to 300 North Broadway in Sleepy Hollow.

Since its opening, Open Door has provided the Sleepy Hollow community with much needed quality, affordable primary health care. I understand that the number of patients of Sleepy Hollow Open Door has increased and Open Door has continued to meet the needs of the community with limited space at their current facility. At this time, Open Door seeks to relocate to the new building, which would allow for additional services, better space for their services, and ultimately, be more efficient in the care that the health center provides. The benefits of the relocation are undeniable- healthier individuals and families, who can then contribute more actively to the Sleepy Hollow community.

It is public knowledge that certain concerns had been raised regarding parking and safety as a result of Open Door's relocation. As I understand, Open Door has diligently addressed those concerns and they should no longer be an issue. As a merchant in the community, I believe many of the families that use Open Door walk to appointments, shopping, school events, and other activities and simply do not require parking. As a current community service, Open Door does not currently have parking for staff, and I know that you are on record that a shuttle system for staff will be developed at Phelps Hospital so that employees will not park in Sleepy Hollow for work. In regards to the safety concerns, the traffic light in front of the new location, the walking directions for patients that was shared with me, as well as the crossing guard that will be provided by Open Door will ensure that pedestrians are safe.

Open Door is a very reputable health center that has demonstrated a commitment to our community, and I would like to encourage all in Sleepy Hollow to demonstrate our support by approving the relocation and expansion that will continue to benefit the health of the patients using Open Door and our village. By keeping families healthy and able to work, Open Door allows them to be more productive members of their communities.

I sincerely urge you to grant Open Door their approvals to relocation to 300 North Broadway.

Thank you kindly for your time and consideration,

Anna DeAngelis

It is public knowledge that certain concerns had been raised regarding parking and safety as a result of Open Door's relocation. As I understand, Open Door has diligently addressed those concerns and they should no longer be an issue. As a merchant in the community, I believe many of the families that use Open Door walk to appointments, shopping, school events, and other activities and simply do not require parking. As a current community service, Open Door does not currently have parking for staff, and I know that you are on record that a shuttle system for staff will be developed at Phelps Hospital so that employees will not park in Sleepy Hollow for work. In regards to the safety concerns, the traffic light in front of the new location, the walking directions for patients that was shared with me, as well as the crossing guard that will be provided by Open Door will ensure that pedestrians are safe.

Open Door is a very reputable health center that has demonstrated a commitment to our community, and I would like to encourage all in Sleepy Hollow to demonstrate our support by approving the relocation and expansion that will continue to benefit the health of the patients using Open Door and our village. By keeping families healthy and able to work, Open Door allows them to be more productive members of their communities.

I sincerely urge you to grant Open Door their approvals to relocation to 300 North Broadway.

Thank you kindly for your time and consideration,

Willy Lopez

Address 44 BEEKMAN AVE

Date 1/25/13

Dear _____,

I am writing to you to express my support for the relocation of Open Door Family Medical Center from 80 Beekman Ave to 300 North Broadway in Sleepy Hollow.

Since its opening, Open Door has provided the Sleepy Hollow community with much needed quality, affordable primary health care. I understand that the number of patients of Sleepy Hollow Open Door has increased and Open Door has continued to meet the needs of the community with limited space at their current facility. At this time, Open Door seeks to relocate to the new building, which would allow for additional services, better space for their services, and ultimately, be more efficient in the care that the health center provides. The benefits of the relocation are undeniable- healthier individuals and families, who can then contribute more actively to the Sleepy Hollow community.

It is public knowledge that certain concerns had been raised regarding parking and safety as a result of Open Door's relocation. As I understand, Open Door has diligently addressed those concerns and they should no longer be an issue. As a merchant in the community, I believe many of the families that use Open Door walk to appointments, shopping, school events, and other activities and simply do not require parking. As a current community service, Open Door does not currently have parking for staff, and I know that you are on record that a shuttle system for staff will be developed at Phelps Hospital so that employees will not park in Sleepy Hollow for work. In regards to the safety concerns, the traffic light in front of the new location, the walking directions for patients that was shared with me, as well as the crossing guard that will be provided by Open Door will ensure that pedestrians are safe.

Open Door is a very reputable health center that has demonstrated a commitment to our community, and I would like to encourage all in Sleepy Hollow to demonstrate our support by approving the relocation and expansion that will continue to benefit the health of the patients using Open Door and our village. By keeping families healthy and able to work, Open Door allows them to be more productive members of their communities.

I sincerely urge you to grant Open Door their approvals to relocation to 300 North Broadway.

Thank you kindly for your time and consideration,
