PROBLEM DESCRIPTION

Scope of Work & Deliverables, Scope of Work & Requirements section of the RFP refers to the SHLDC specifications. Can we get a copy of these specifications?

The paragraph goes on to state that the proposer shall also comply with any and all Village rules and regulations regarding the fill, hours of operation, noise ordinances, dust mitigation and fill height restrictions; Can you provide all applicable Village rules & regulations?

Finally, the paragraph references certain equipment and trade labor temporarily performing the provisions of the work contemplated to be performed in the RFP. The trade labor classification required for this work will include operating engineers, heavy highway laborers & teamsters. Will this labor force be subject to NYSDOL Prevailing Wage Rates? If so, will certified payroll reports be required as well?

RFI: 03	PROBLEM DESCRIPTION
<p>Submittal Requirements, Proposal Content, Proposed Schedule section requires the proposer to provide a anticipated schedule to perform the work delineated in the RFP. In order to develop this schedule, we will need the delivery schedule for the required fill. Can this information be provided to us?</p> <p>Submittal Requirements, Proposal Content, Proposed costs section requires the proposer to develop an overall cost for completing this project. Without knowing the delivery schedule / time duration of the fill, it would be difficult to develop a cost. Is it the intentions of this RFP to receive cost proposals based on a "Monthly Fee basis" for labor & equipment?</p> <p>Submittal Requirements, Proposal Content, Insurance Requirements section requires General & Professional Liability Insurance policies. Why is Professional Liability required for the work contemplated? Can you provide complete list of all required Insurances with specified limits of coverage?</p>
